ARX 2019 comes from plot No. 1 of Syrah, plot No. 2 of Tintilla de Rota, plot No. 10 of Petit Verdot and plot No. 3 of Cabernet Sauvignon. All of them with a North East orientation, Levante winds and steep slopes in which the bunches are perfectly shaded and aerated for a perfect maturation.

The harvest is collected manually and at night, to take advantage of low temperatures. Pre fermentation cold maceration is done for four days to preserve the colour, aroma and taste of the grapes then the varieties are fermented separately for approximately 20 to 25 days. The total production is 20.016 bottles.

The jewel of the south

From the planting of the vineyards, to the selection of the varieties, up to the perfectionism of the winemaking and aging processes, everything for Tesalia has been done to create a «grand cru classé» in Andalucía. The ongoing focus has been to create a wine of exceptional quality and style that exhibits concentration, elegance, complexity, balance, length and ageability. Ready for an immediate consumption, however they will pleasantly evolve during the next ten years.
